

CAMPUSOS FEATURES DEVELOPMENT ROADMAP(22/6/2025)

PRIORITIZED FEATURE ROADMAP FOR CAMPUSOS

(Based on Impact, Time, Difficulty, and Retention)

Phase 1: MVP Core – Essential Academic Tools (Week 1–2)

- Timetable – Daily subject schedule (containers per class)
- Class Reminders – Notifications for classes and exams
- Notes & Past Questions – Upload & read notes, download past questions
- GPA Tracker – Track results and progress over time
- Announcements (UI already designed) – Add backend functionality
- Events (UI already designed) – Add backend functionality

Phase 2: Social & Collaboration Tools (Week 3–4)

- Student Forum – Topic-based threads, anonymous posting
- Chat & Groups – Real-time messaging, academic groups (not fully done)
- Tutor & Study Group – Request a tutor, join study clusters
- Polls & Surveys – School-wide or group opinion collection
- Reshare People's Posts – Like a quote retweet

Phase 3: AI, Matching & Smart Features (Week 5–6)

- CampusAI (Olly) – Ask about schedules, reminders, notes, study advice
- Find a Roommate – With compatibility quiz + preferences
- AI-Based GPA & Study Insights – Smart suggestions based on performance

Phase 4: Monetization, Deals & Lifestyle (Week 7–8)

- Campus Marketplace – Sell/buy books, clothes, etc.
- Local Deals & Campus Coupons – Discounts from vendors around school
- CampusFM – In-app podcast/radio-style audio section
- Lost & Found – Report or search for missing items
- Campus Wallet (CampusPoints) – Send/receive tokens for marketplace, gifting, etc. Each user gets a unique CampusOS ID
- Airtime, Data & Bills Integration – Recharge and pay utility bills in-app

Phase 5: Personalization & Settings (Week 9–10)

- App Personalization – Change themes, layouts, fonts
- Light & Dark Mode – Switch UI mode
- Personal Details – Update name, matric no, etc.
- Change Password
- Log Out
- About CampusOS

- Help & Support
- Terms & Conditions
- Activity Log
